***PLEASE NOTE:** If you are presently seeking relief (or have previously been granted relief) under the United States Bankruptcy Code, this statement is being sent to you for informational purposes only. The summaries below are based on the terms of the loan and are provided for informational purposes only.*

These amounts are governed by the terms of the loan unless otherwise reduced by an order of the bankruptcy court. Because the amounts billed for the escrow items can change over time, we review the escrow account at least once per year to ensure there will be enough money to make these payments. Once the review is complete, we send the escrow review statement, also known as the escrow account disclosure statement.

Here’s what we found:

- **Required minimum balance:** The escrow account balance is projected to be above the required minimum balance. This means there is an **overage**.

If payments required under the bankruptcy plan have not been made, any escrow overage will be held in the escrow account.

- **Payments:** As of the **December 1, 2020** payment, the contractual portion of the escrow payment **decreases**.

Part 1 - Mortgage payment

New Payment **The new total payment will be \$1,073.37**

	Previous payment through 11/01/2020 payment date	New payment beginning with the 12/01/2020 payment
Principal and/or interest	\$677.44	\$677.44
Escrow payment	\$415.19	\$395.93
Total payment amount	\$1,092.63	\$1,073.37

No action required

Starting **December 1, 2020** the new contractual payment amount will be **\$1,073.37**

See Page 2 for additional details.

Part 2 - Payment calculations

For the past review period, the amount of the escrow items was \$4,029.10. For the coming year, we expect the amount paid from escrow to be \$4,751.18.

How was the escrow payment calculated?

To determine the escrow payment, we add the projected escrow items to be paid over the next 12 months. We base these projected amounts on any escrow items that may have been paid in the past and any future anticipated payments to be made. We then divide the amounts by 12 payments to determine the escrow amount.

The chart below includes any actual escrow disbursements as well as any shortage that may have been identified for the past three analysis periods up through the date of the analysis.

Escrow comparison

	11/18 - 10/19 (Actual)	12/19 - 11/20 (Actual)	06/20 - 10/20 (Actual)	12/20 - 11/21 (Projected)		# of months		New monthly escrow amount

Projected escrow account activity over the next 12 months

To determine if there will be a shortage or overage in the account, we calculate whether the amount of the lowest projected escrow balance will be greater or less than the required minimum balance. This is determined by subtracting the required minimum balance from the lowest projected balance. If the outcome is positive, there is an overage. If it is negative, there is a shortage. The calculation is below:

Lowest projected escrow balance September, 2021		\$205.46	(Calculated in Part 3 - Escrow account projections table)
Minimum balance for the escrow account	-	\$0.00	
Escrow overage	=	\$205.46
